EXPERIENCE

ALEX LEFKOWITZ | JANUARY 2024 – JANUARY 2025; OCTOBER 2025 – PRESENT

Freelance Game Developer | Remote

- Updated legacy StarCraft map "NFL Blitz" to modern standards using advanced game logic and triggers.

- Implemented new features, resolved legacy bugs, and ensured complete compatibility with existing systems.
- Maintained detailed patch notes, version control, and collaborative communication during development cycles.

TILTWORKS INC | APRIL 2022 – JANUARY 2024

Manager of Finance | Remote - Asheville, NC

- Created and processed invoices in QuickBooks Desktop; issued statements and followed up on past-due accounts.
- Built custom AutoHotkey scripts to automate repetitive workflows and reduce manual workload.
- Collaborated with IT to improve internal software functionality.
- Managed vendor bills, ensured accurate entry, and organized a digital filing system for all financial documents.

NEO BURRITO INC | JUNE 2014 – MARCH 2022

General Manager (2016-2018), Chief Operating Officer & Bookkeeper (2018-2022) | Asheville, NC

Joined in 2014 and advanced rapidly through Supervisor and Manager roles to GM and ultimately COO of four locations.

- Oversaw operations across four restaurants, managing cost of goods, labor, profitability, and compliance.
- Maintained restaurant networks, security systems, POS systems, digital menus, and website; handled all IT troubleshooting.
- Managed full bookkeeping responsibilities: payroll, reconciliation, budgeting, AP/AR, cash handling, and monthly financial adjustments.
- Standardized operations across multiple locations to improve efficiency, reduce errors, and maintain profitability.
- As General Manager, achieved sanitation score of 98, maintained COGS under 30%, and led a highly motivated team.

DR. UHREN'S MEDICAL OFFICE | JUNE 2008 – JUNE 2014

Office Assistant | Swannanoa, NC

- Assisted with various office tasks including chart filing and creation, patient intake, administering shots, vision tests, respiratory tests and treatments, and lab work.

PROJECTS

IMPOSSIBLE ULTRAVIOLET | MAY 2020 – PRESENT

Creator & Developer | StarCraft Custom Map Series (UV1-UV4)

- Designed a popular dungeon-crawler ARPG series with 20+ heroes, randomized levels, multi-stage boss fights, difficulty modes, and unlockable rewards.
- Implemented advanced triggers & systems, and custom mechanics to create wholly unique gameplay.
- Built community engagement and maintained long-term version updates with detailed patch notes.
- Host an active Discord server and wiki for the community (<https://wiki.uvmaps.net>).
